

Bio Participants,

Thanks for everyone's participation and efforts to make this year's Biotech Tradeshow a success. We have already received many compliments and inquiries because of your efforts. As you know, this international convention drew over 20,000 attendees from 64 countries and 48 states.

This year at the Biotech Trade Show, Texas benefited with prospect meetings hosted by the Secretary of State, Roger Williams. Meetings were held with U. S. and international biotech companies resulting in at least one major company considering Texas which initially was not included in their search.

Thanks again to everyone for your hard work and for helping with sponsorship efforts for our events. The State booth was visited by many company representatives and we will be sending their contact information via electronic mail soon.
